

NO PYLONS HERE

HELLO, MY NAME IS NICOLE O'REILLY
AND THIS IS MY POSTER ON HOW
DANGEROUS PYLONS CAN BE.

LIVING NEAR PYLONS CAN BE A RISK
FACTOR IN CAUSING BREAST
CANCER, ALZHEIMERS, DEPRESSION,
SUICIDE AND MISCARRIAGE.

FARMERS AND THEIR EMPLOYEES'
HEALTH AND SAFETY WITH SLURRY
SPREADING AND CROP SPRAYING MAY BE
ESPECIALLY RISKY.
