

My book is called the
Blue Eye.

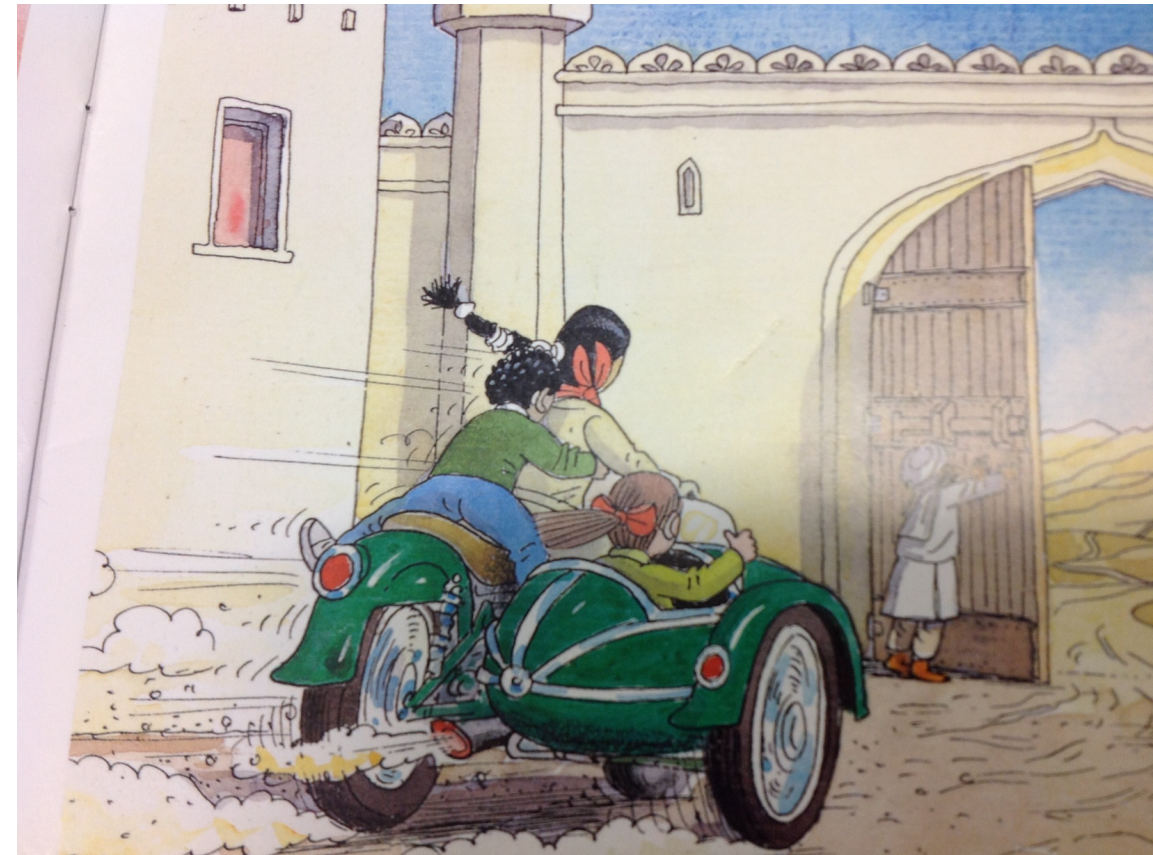

The children found
dad's old marbles.

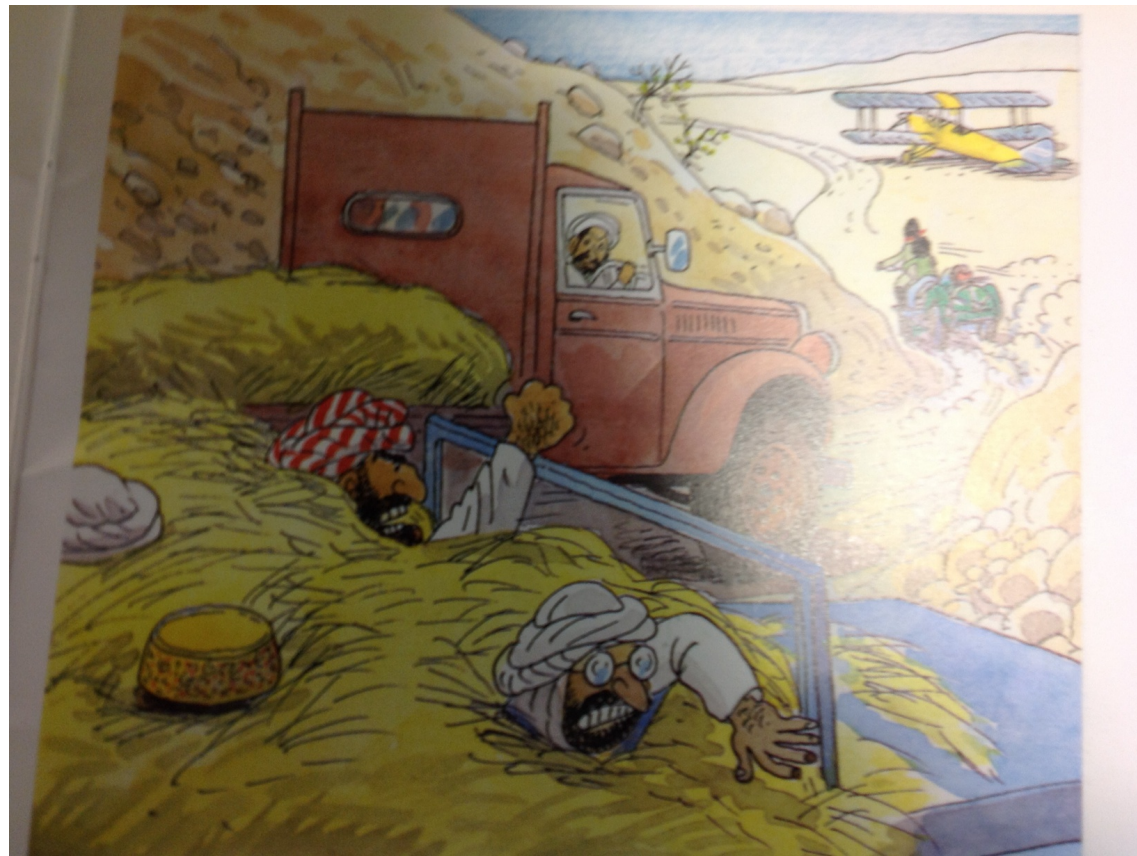

They went on a magic
adventure with the
marbles

There were bad men
chasing a princess in
the story.
Biff and Wilf tried to
help the princess.

They went really fast
on the motorbike

There was a truck of hay.
They pulled some wool.
The plan worked and they
went to find the princesses
sister.

They got away fast.
